

Dear Dwarfs,

I would like to invite you to participate in this year's mini-video project workshop, part of XS Innovation Garage. See the prerequisites below:

WHAT	SANTA'S DWARF CASTING FOR KHAN WARS PAID MINI-VIDEO PROJECT
WHEN	<ul style="list-style-type: none"> ▪ Start: December 1st, 2012 ▪ DDL for application: January 1st, 2013 ▪ Feedback: 2 weeks after the DDL
WHERE	XS Software
WHO	<ul style="list-style-type: none"> ▪ Students in Multimedia, Computer Graphics and Animation, Graphic Design, Computer Science or related
HOW	<ul style="list-style-type: none"> ▪ Send the ready video material to video-contest@xs-software.com <p>1. Technical requirements for the video:</p> <ul style="list-style-type: none"> ▪ Not longer than 30 seconds ▪ Format: FLV, MPEG, MOV, AVI, 4:3; Standard (960x720 px) 16:9 Widescreen (960x540 px) ▪ Sound: max. 200 MB and maybe integrated in the video ▪ Video should contain 30 frames per second <p>2. Resume of the script:</p> <p>The first scene should start with a picture of the castle and continue with turnover to a medieval landscape. This could be done with the perspective from a flying bird like a raven or falcon. The bird could start from the castle tower and land on a knight's spear/flag carrier *(example). This unit could be ready to attack the castle or fight with another one. Here you could add a more detailed view of the battle itself. The rest is in-game material.</p>
WHY?	<ul style="list-style-type: none"> ▪ The top 3 trailers will be published under the creator's name! ▪ Unique possibility to take your portfolio to the next level with a completed project for a leading Bulgarian game developer company! ▪ A prize of 100 BGN for each of the three best videos!

Yours truly,

Santa Claus
